Constructing a bright future for our community...

The Crenshaw/LAX Transit Corridor Jobs Collaborative is committed to providing career-oriented employment to Targeted and Disadvantaged workers in the building of the Crenshaw/LAX Transit Project. Los Angeles County Metropolitan Transportation Authority & Walsh/Shea Corridor Constructors in partnership with PVJOBS and the Crenshaw/LAX Transit Corridor Jobs Collaborative have initiated a jobs program that includes 40% targeted hiring (designated high unemployment zip codes) and 10% disadvantaged (those with barriers to employment) hiring goals for all construction work performed on the Crenshaw/LAX Transit Project.

Are YOU up to the task?

Do you like working outdoors?
Do you enjoy working with your hands?
Then a career in construction may be for you!

We anticipate that there will be about 40 positions available for those wishing to start a career in construction by working on the Crenshaw/LAX Transit Project. However, those entering the program will have access to dozens of other projects currently under construction, greatly expanding your opportunities to start work in this high-paying, rewarding industry.
